

Escambia County Surveys Residents about Recycling Program

Pensacola, Fla. - The Escambia County Department of Solid Waste Management is surveying Escambia County residents for their opinions on curbside recycling. If you would like to share your input on curbside recycling services with the county, you may complete the ongoing online survey at www.escambiarecycles.com.

The brief survey takes just a few minutes to complete and includes questions such as: How often do you use drop off recycling program? How long have you been recycling and what type of items do you recycle? Have you participated in the Regional Roundup program? Would you consider using curbside recycling if it were available to you and if so, would your household be willing to go to one regular garbage collection a week? Would you consider paying for curbside recycling? Do you feel Escambia County is making recycling as easy as possible?

Surveys completed by May 16 will be included in the next program study. For more information on Escambia County's recycling efforts, tips, Regional Roundup schedules and county-wide recycling drop-off locations, please visit www.escambiarecycles.com.

"I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel." - Maya Angelou

Courage and caring are the keys to solving tough problems, and to finding meaning in a world that often seems to be spinning out of control. - John Graham
